

Welcome to the Wright Museum of World War II

Our collections are dedicated to the Americans who were swept up in the most tragic event in human history.

Never before had American society been so fully invested in a common purpose. Soldiers, sailors and airmen fought on battlefronts across the world. On the home front, there was hardly a man, woman or child who did not support the war effort through rationing, volunteering, war bond drives, factory war production, and in countless other ways. Our mission is to tell their stories and preserve them for generations to come.

We welcome your feedback as we are continuously working to improve our displays and to present new exhibits. We hope you will enjoy your visit and that you will come to see us again.
