“The Homecoming”
Dedication Ceremony
September 5, 2023

Robert Shure, our sculptor, was born in Brooklyn, New York in 1948 and from an early age he had a love for art and spent many hours drawing. Through elementary and high school, he received several awards for his creative artwork. In 1966 he entered the New York Institute of Technology as a Bachelor of Fine Arts major. He graduated in 1970, cum laude, and received the “Gold Medal in Sculpture Award.” This medal is given as the highest honor in sculpture by the New York Institute of Technology each year. In 1970 he entered the School of the Museum of Fine Arts in Boston and Tufts University with a scholarship. He received a Master of Fine Arts for sculpture in 1973 and graduated cum laude. His original sculptures were shown at several Boston galleries including The DeCordova Museum and The Institute of Contemporary Art.
